Prolife Corner By: Matt Ulrich

August 14th was a special day at the KofC Hall. The lobby was set up for Mass by Larry Kessler, and at 8:00 am our celebrant Fr. Robert Egan began Mass by leading us with the entrance song, Immaculate Mary. I told Larry when we came in the hall that he was overly optimistic about the amount of chairs he had set up, but Larry must have known that 25 faithful prayer warriors were going to show up. After Mass we processed by cars to Planned Parenthood at 2001 Madison to pray for the end of abortion, and to pass out literature that tells the horrors of abortion and also the alternatives to the killing of innocent preborn little ones. Being a witness in front of Seattle’s biggest abortion mill is not always a peaceful place, but on this Saturday we had more cars give us a heads-up, positive sign than on other Saturdays. People who stand up for life and pray for the mothers going into these death mills are doing God’s will and living the Gospel of Life, and I want them to know how much I appreciate their support. Next Mass and Vigil at the Knights is Sep.11 at 8:00 am. 9/11 sounds like a date we can’t forget, the tragic attack on the Trade centers. 9/11/10 will be a tragic day also at the abortion centers where 3,000 will loose their lives

Facts About Life Insurance

September is Life Insurance Awareness Month. To help educate consumers about the need for and value of adequate life insurance protection, the Life Insurance Market Research Association (LIMRA) has published the following five facts. These statistics are certainly worth considering.

Fact 1: Nearly 75 percent of North Americans agree that life insurance is the best way to protect against premature death of the primary wage earner.

Fact 2: Twenty-four million households have no life insurance protection at all. Almost one third of adults have no life insurance protection.

Fact 3: Forty-four percent of all households either don’t own life insurance and believe they should, or own life insurance and believe they need more. Among those that already own some life insurance, 40 percent believe they don’t have enough.

Fact 4: One-fourth of primary wage earners feel they do not have a plan in place to provide a decent standard of living for their family if they died tomorrow. Twelve percent of families would immediately have trouble meeting everyday living expenses and another 15 percent would have difficulty keeping up after several months.

Fact 5: People would like to discuss life insurance with a qualified professional agent. They believe that buying life insurance is an important and complex financial decision. Half find it difficult to decide how much to buy, and 43 percent worry about making the wrong decision.

I’d like to meet with you in your home, at your convenience. I’ll work with you to make sure your family is protected. As a brother Knight you can trust, I’ll take the stress and worry out of the buying decision.

I’m at (425) 941-1921 or sheldon.sweeney@kofc.org. Call me – let’s talk.
